## Education

### B.tech, Computer Science

Pratap University, Jaipur.

### Senior Secondary stage

St. Michael's Convent School, CBSE.

## About me

I have been a creative kid since childhood. Always into sketching & painting. After growing up I got introduced to Technology & worked as developer for 3 years. Coding was something I liked, but I always felt something is missing.

I discovered that Designing was my all-time love and passion. Henceforth, I took holy vows with Designing, with promise to love and cherish it till my last breath.
